CALL FOR PAPER

We welcome the submission of abstracts in the areas of energy, environment, chemical, and thermal engineering. Authors are invited to submit their papers to the AIP Conference Proceedings (Scopus-indexed). Additionally, all authors are encouraged to submit full papers to the conference's special issue or thematic issue. ESChE 2023 is going to be conducted as a **hybrid conference** (physical and virtual conference).

CONGRESS SCOPE

Chemical Engineering

- Water science
- Corrosion science
- Separation technology
- Food science & technology
- Pharmaceutical & drug delivery
- Reaction engineering & catalysis
- Natural products & industrial crops
- Process control & optimisation
- Safety & health management
- Environmental engineering
- Modelling and simulation

Energy Security

- Oil and gas
- Heat and mass transfer
- Renewable energy & biofuels

Fluids & Thermal Engineering

- Fluid flow
- Heat transfer
- Flow assurance in pipeline
- Computational fluids dynamics

General Engineering

- Nanotechnology
- Advanced materials
- Finite element analysis
- Materials science & engineering

PUBLICATION

- ✓ Environmental Science & Pollution Research
Springer | JIF 5.19
- ✓ Chemical Engineering Communications
Taylor & Francis | JIF 2.494
